

Chapter 1 - Introduction.....	5
What is the Raspberry Pi?.....	6
Setting up Raspberry Pi.....	9
Formatting an SD card.....	10
Operating systems.....	16
Chapter 2 - Raspbian OS.....	18
Installing Raspbian.....	19
Using Raspbian.....	21
Connecting to the Internet.....	24
The Raspberry Pi Store.....	25
Install an application from the Pi Store.....	28
Raspbian repository.....	32
Updating Raspbian.....	34
Synaptic Package Manager.....	36
Chapter 3 - raspi-config.....	43
raspi-config tool.....	44
Expand filesystem.....	44
Change user password.....	45
Boot behaviour.....	46
Internationalisation options.....	48
Enable camera.....	53
Add your location to Rastrack.....	54
Overclock your Raspberry Pi.....	55
Change hostname.....	57
Memory split.....	60
Chapter 4 - Fun & games.....	62
Play videos.....	65
Play games.....	66
Take pictures and videos.....	69
Create a script that takes a picture.....	71

Record slow-motion videos.....	73
Raspberry Pi motion detector.....	73
Chapter 5 - Terminal.....	75
What is a terminal?.....	76
Basic terminal commands.....	77
Manage directories.....	78
Manage files.....	79
man command.....	81
sort command.....	82
grep command.....	83
find command.....	86
tail command.....	87
ps command.....	89
top command.....	92
tar command.....	93
ifconfig command.....	94
df command.....	95
Chapter 6 - Remote access.....	96
Access the Raspberry Pi remotely.....	97
Enable SSH access to the Raspberry Pi.....	98
Transfer files with SFTP.....	102
